General:

From the Linesville Herald, October 28, 1902:
 Mr. Eli Gilliland recently lost a \$150 horse with lung fever. One day the animal was noticed to be ill and died the following day. As the animal was playing with his mate in pasture a few hours previous in seemingly healthy condition, it is

Eli Gilliland

General: (cont.)

conjectured that a kick on the abdomen might have caused the first trouble, developing in fatal result.
